Find a Pharmacy

[Find a pharmacy](#) on our website. You can search for preferred or standard pharmacies nearest you. KelseyCare Advantage preferred pharmacies include:

Switch to a preferred pharmacy

- 1** Find the most convenient preferred pharmacy for you.
You can use the *Pharmacy Search Tool* located on the KelseyCare Advantage website to find the closest pharmacy to you.
- 2** Call your selected preferred pharmacy and provide them with the name, location, and phone number of the pharmacy you are transferring from.
- 3** Ask them to transfer one or all your medications. They will take care of the rest.

Mail Order

To start filling your prescription by mail, you'll need a new 90-day prescription.

To get a new prescription you can:

- Ask your doctor to send an electronic prescription to CVS Caremark® Mail Service Pharmacy. This is the easiest way to get started – you can expect to get your medication in 7 to 10 business days.

Or you can:

- Request that CVS Caremark contact your doctor and get the process started for you. Once we reach your doctor and receive approval, it will take 7 to 10 business days for your medication to be delivered.

For Assistance Call TOLL FREE: 1-888-970-0914 (TTY: 711) 24 hours a day, 7 days a week.

Be sure to use CVS Caremark Mail Service Pharmacy to fill prescriptions in 90-day supplies for medications you take regularly (like high blood pressure, diabetes, or high cholesterol medications).

For short-term medications (like an antibiotic), use a retail pharmacy in your plan's network. You can find one by using the [Pharmacy Locator](#) on our website.

View your **Explanation of Benefits (EOB)** or check the status of a mail order on [Caremark.com](#). Then, create an account using your KCA member ID number.

Coverage Determination/Redetermination

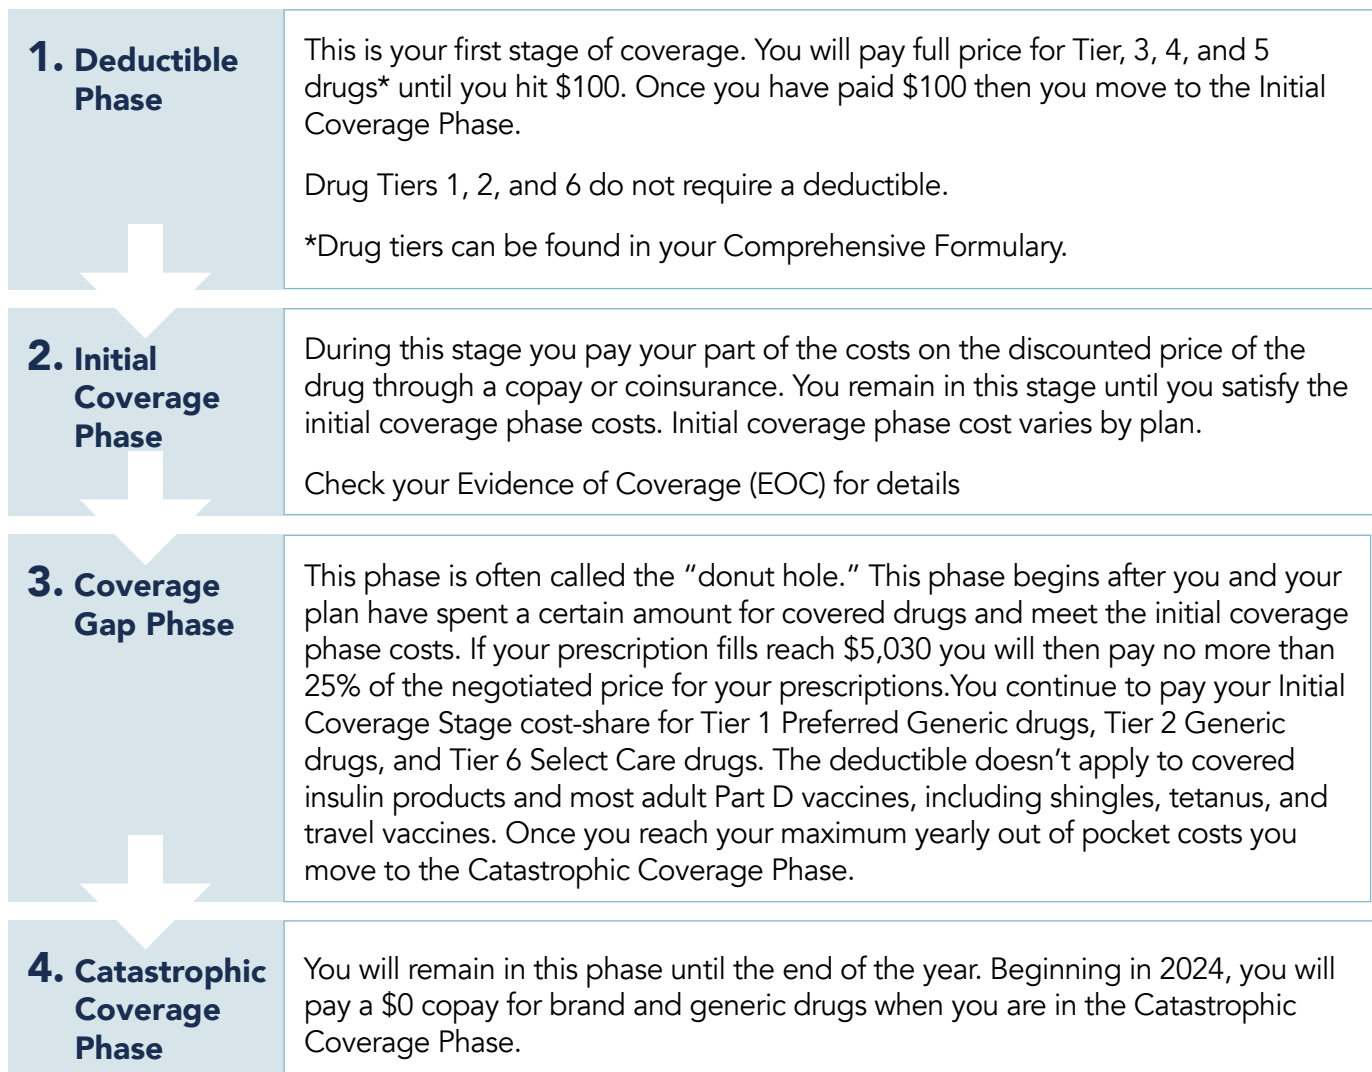

A coverage determination is a decision we make about your benefits and coverage or about the amount we will pay for your drugs. A coverage determination may include:

- Asking to cover a Part D drug that is not on the plan's List of Covered Drugs
- Asking to waive a restriction on the plan's coverage for a drug (such as limits on the amount of the drug you can get)
- Asking to pay a lower cost-sharing amount for a covered drug on a higher cost-sharing tier
- Asking to get pre-approval for a drug
- Asking us to pay you back for a prescription drug you already bought

If you disagree with a coverage decision we have made, you can appeal our decision using the [Coverage Determination and Redetermination](#) forms.

Your Prescription Drug Journey

Throughout the year, your drug costs may vary. Understanding what drug phase you are in will help you know upcoming costs.
